False Thesaurus Accusations (tribute to all internet trolls who spew logical fallacies and falsely accuse me of using a thesaurus)

Is it my fault,
that I have a knack for language,
Entire dictionaries fluidly unified solely through cluster data analysis from books
in a section of my mind,
is it my fault that I have mastery over English that puts me on the top (0.001%
from native speakers on vocab and grammar tests)

Then stop accusing me of using thesaurus,
for in all honesty, I did not know of such dictionary,
until I was repeatedly accused of using it,
falsely and shamelessly.

Without any evidence,
without any substance,
If I write words you do not know, thank me for providing you the means of
detection to learn it,
And don't you dare hate me because of it!
I deserve not an ounce of mockery for being more astute than you will ever
dream to be,
I deserve not an ounce of hate for being more eloquent than you will ever be
capable of being.
